Since its inception, the concert series has attracted thousands of people from Westbrook and beyond.

Seven concerts are scheduled on Thursday evenings in July and August. Partnerships with local high schools and music schools provide young musicians to open the evenings with their performances at 6:30.

Vallee Square sits at the top of the scenic Westbrook Riverwalk. The concert series offers space for seating, bar, and a bike valet. The venue is nestled in the heart of downtown Westbrook within walking distance to a number of restaurants and shops.

Placemaking is the art of creating community in public places. Its roots were born during Urban renewal when buildings were being torn down for being old. There became a groundswell of support to save historic buildings, downtowns and to further design cities for people, not for cars. Placemaking creates and programs community places and spaces by and for the community.

Westbrook Common is pocket park in the heart of the downtown and an ideal location for a placemaking project. In this space, DDW advocates for art installations and hosts programs such as live music, bike rides, markets, dance, fitness, art classes and more. We partner with Westbrook Public Schools to offer free summer lunches, Walker Memorial Library to host story hours, and Westbrook Safe Mobility and Access Committee to host local bike rides around Westbrook.

This year our goals are to introduce new audiences to Westbrook Common, use it in new ways, and expand our promotional strategies.

Season: May - November 2025

Location: Westbrook Common, Downtown Westbrook

Audience: Music lovers, young professionals, art enthusiasts, retirees, people of all ages, residents, and visitors

Events: In 2024 we hosted 88 events, including music, movies, markets, exercise, 7 weeks of free summer lunches to youth, and more
